

Weekly Bulletin

February 16th 2024

Hawk class geometry

We are at the end of a busy half term; if you are short of inspiration, **check out [our enrichment activities on class pages](#)** (extended Home learning tasks) adapted for your child's age group to get them learning new life skills. In the weeks after half term, we are offering you a **parent consultation**. This is an opportunity to discuss your child's learning with their teacher. Please book through MCAS app ([support here](#)).

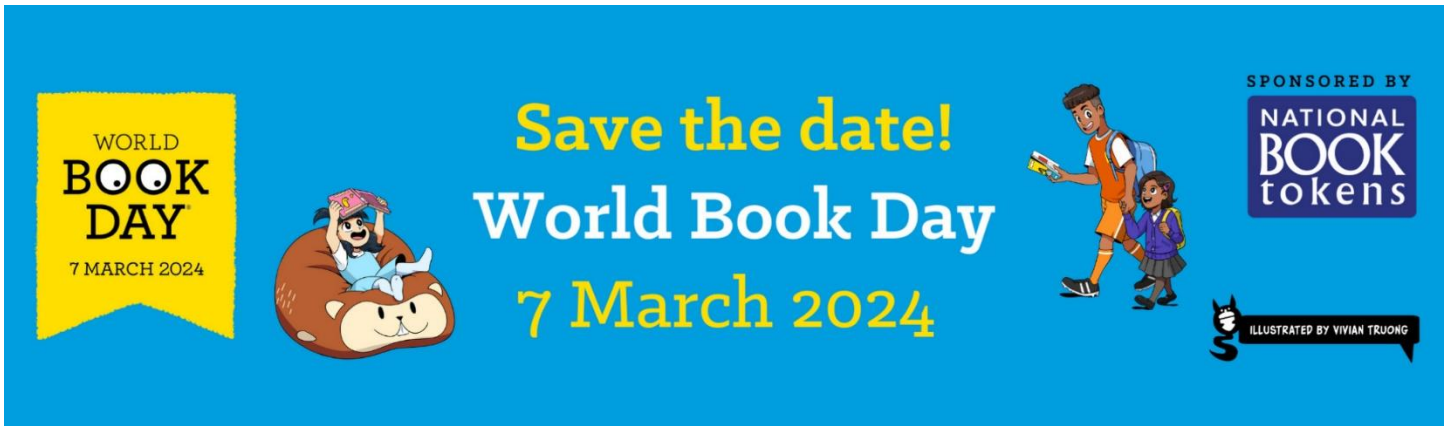

Thank you all for your support in raising money for Home-Start - a local charity offering support to families. **[It's not too late to make your donation here!](#)** ❤️ ❤️

Any good school needs to be constantly looking at itself and reviewing its procedures and **your opinions form a fundamental part of that process**. We invite you all to take the time to give your feedback in our Parent/Carer Survey. Your feedback is extremely important to us. The survey is open for two weeks, after which we will analyse your responses to identify what we can learn and feedback to you. **[Click here to leave your feedback](#)** – this should take less than one minute to complete.

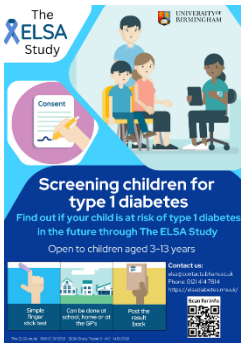

I am pleased to announce that Mrs Elwood will be returning from her maternity leave after the half-term break, joining Kite Class. We will be delighted to welcome her back to the team and I am sure that the children will very much enjoy working with her again. Mrs Elwood will be returning to work on a job share basis, and for the remainder of the year working alongside, Miss Smith.

World Book Day

On **Thursday 7 March 2024** we will be celebrating **World Book Day** in school by inviting children and parents to join us in dressing up as a story character for the day. If you are short of ideas – take a look at the [World Book Day Site](#). On the day, your child can collect their World Book Day voucher and listen to stories shared by staff.

ELSA – Diabetes Study

In March, we are working with researchers at the University of Birmingham and inviting you to take part. The study is testing children for early indicators of type 1 diabetes in order to better manage this. This is a simple finger stick blood test, you can do at our school with your child and practitioners will be visiting school on Thursday 14th March 2024. Every family who takes part in the ELSA study is helping us to understand more about type 1 diabetes. Please consent for your child to be involved in the ELSA diabetes study at the following web page - <https://www.elsadiabetes.nhs.uk/>

Parent Consultation Evenings **BOOKING IS NOW OPEN** for our parents' consultation meetings this term on **Thursday 29th February and Monday 4th March**.

PTA NEWS

Thank you to everyone who supported our Valentine's pop-up shop and preloved uniform sale on Tuesday. We will be holding another preloved uniform sale on Friday 19th April - this will be in the school hall so you will have the opportunity to try before you buy.
